Subject: [DogShowChair] Stickers

Hello All,

Some of you may know of the sticker campaign to promote dog shows/ ownership and fight anti dog legislation. The stickers are 2" in diameter, yellow with purple lettering that says "I'm here for the Dog Shows!" We've been putting them on everyone = exhibitors, spectators, workers = at dog shows so that when they wear them out into the community, all the local businesses realize how much revenue is produced by the dog event. It also opens the door to speak with the public regarding the need to fight anti dog legislation and the benefits of owning an AKC dog. They are easy, kids love them and won't damage clothing, Most forget they have them on and become prominently visible in the local area. Some local businesses will even offer discounts to those wearing stickers. They have been showing up at more and more shows, even the past Montgomery weekend. AKC loves them! Legislators speak dollars not dog.... They love us when they realize how much tax revenue comes in from our events. Help us in the drive to keep Dog shows welcome and positive in your area!

We are buying them in large quantities for the Kennel Club of Palm Springs/Shoreline shows. We'd like to buy more to get a better price, If you'd like to join us and order them for your shows, please email me. They are about \$100 for 5,000.

Marcie Dobkin
